

## On the Floor This Week (11/18): What You Should Know

[H.R. 1965](#) - Federal Lands Jobs and Energy Security Act (On Floor 11/19)

Source: Mark Perry, AEI

This is despite total federal **oil production that is down 7.8%** & total federal **natural gas production down 21%**

[H.R. 2728](#) - Protecting States' Rights to Promote American Energy Security Act (On Floor 11/20)

**Hydraulic Fracturing is safe:** *"I still have not seen any evidence of fracking per se contaminating groundwater"*  
– US Energy Secretary Ernest Moniz, [8/13](#)

**States have been effectively regulating the practice for decades:** *"In CA it has been actively used for 40 years, and there has been not one record of reported damage."* – CA Director of Conservation Mark Nechodom, [10/13](#)

**States are better at it:** States process permits an average of only **30 days vs. 228 days** by the BLM

[H.R. 1900](#), the Natural Gas Pipeline Permitting Reform Act (On Floor 11/21)

**When needed infrastructure and distribution projects come online:**

*"Natural gas prices in Manhattan were nearly 40¢ cheaper than in Louisiana after first pipeline in over 40 years was built."* [10/13](#)

**Nationally, everybody benefits too:**

The avg. American household **gained \$1,200** in disposable income in '12 because of affordable energy

- By 2020, just over **\$2,700**
- By 2025, **\$3,500**
